La Weeda,

Thanks for the help last week on the draft permit conditions. Attached please find the Draft permit and TSD for your review before public notice on Wednesday next week. As discussed on the phone, I know this doesn't official start EPA review – I will send the final drafts to the EPA mailbox next Wednesday when public notice actually starts. Hopefully we have everything fixed by the time public notice ends so that EPA review can be shortened.

I mention the email you are going to send for ESA in the draft TSD, I will attach once you send it.

Thanks!

The Air Quality Department strives to provide excellent customer service to residents of Maricopa County.

How are we doing? [Send us your feedback.](#)
